Sir,

On the Jubilee day of Her most Gracious Majesty the Queen Empress, a caste girls school was opened at Tumkur supported by public subscriptions & subsequent (in Government Proceedings No 2797-73 of the 15th September 1884) a grant of Rupees 25/- per month was sanctioned to it from the educational funds — On the 14th Instant the Secretary of the School addressed a letter to me enclosing a copy of the memorial of the Directors to the Dewan praying for the enhancement of the grant and requested me to place the same before the Local Fund Board — accordingly laid it before the board on the 18th Instant, when

the members unanimously opined that the school should be taken over and managed by Government I enclose a copy of the said letter and memorial, and an extract from the resolution —

3 — I have seen the school It is in a flourishing condition — The directors have bought a house for it at a cost of Rupees 500/- It is further under contemplation to add to its funds the whole of the amount (5254-12-4) subscribed by the people in the connection with the Jubilee — To do this of the subscribers has accordingly a meeting scribers has been called be held on the 1st Proseems very probable will be given to this

4 — In Chitaldrug also elsewhere) the girls are under Government and it occurs to me Empress the opinion to be taken of the subd and it will seems — I — that the amount school — of (and I believe to schools not manage to me that

it is best to take over the new school at Tumkur also, more especially as it has a building of its own, has every prospect of getting a large sum to its credit — and is making a steady progress — The present establishment of the School costs Rupees 75 — — per month as per particulars in the margin —

I have the honor to be,

Sir,

Your most obedient Servant

Proposed scale of establishment for the Empress Girls' School Tunbridge

Education Secretary's Memo on
Dec 1890 The Empress' Girls' School Tumkur
1 2 — For the Dewans Orders
Dated 20 Nov 1890

The Hon Secy of the Empress' Caste Girls' School Tumkur submitted an application to the Dewan and the Education Secretary on the 15th Jan 1890 praying that the school might be taken over by Govt or the monthly grant in aid which is at present only Rs 25- increased to Rs 100 The school was started on the Jubilee day of Her Majesty the Queen-Empress of India, the 16th of February 1887 It was contemplated that the amount required for maintaining the school for one year should be subscribed by the friends of the Institution, and when the school was fairly established the Govt should be asked to take it over The present Directors have maintained the school till now with a Govt grant of Rs 25 a month, subscriptions collected from the public, the interest of the Jubilee Fund raised in the District, and a small grant promised last year by the Mysore Branch of the National

Indian Association. The school started with 20 girls. By the 31st of March 1889 the number on the roll rose to 106 the number at present is 128 of which 22 are Zenana students.

The present establishment costs Rs 75 exclusive of the cost of books, slates &c and contingent charges, but the masters are poorly paid at present. The Directors propose to increase the pay of all the masters including that of the tailor or sewing master, from Rs 68 to Rs 88, to have three Zenana teachers on 10 Rs each instead of one on Rs 5 as at present, & employ an additional peon on Rs 5, and to reserve Rs 10 for the cost of books slates &c supplied to the girls. The total cost proposed is Rs 140 a month. A statement of the proposed expenditure is appended, which I consider to be very reasonable.

The Deputy Commissioner, Tumkur District, in his letter No 456/3 dated 20th Aug 1890 informs me that the Directors of the school applied to the Local Fund Board and asked them to give a grant to the school. But the Board was of opinion that the school should

be taken over by Govt, and the Tumkur school like many of the schools maintained from the Provincial Funds

It will be seen that the progress of the school is very satisfactory The credit of establishing and managing it as well as of collecting a Jubilee Fund in the District belongs I believe to Mr S Varadarajengar, Munsiff of Tumkur The Directors have bought a house for the school worth Rs 500 The Deputy Commissioner of Tumkur informs me in his letter No 528 of the 1st Sept 1890 that at a public meeting of the subscribers held on that day it was resolved that the Jubilee fund collected in the District and deposited in the Govt Savings Bank amounting to Rs 5299-12-4 should be given over for the maintenance of the Empress' Caste Girls' School, on the understanding that Rs 2000 of this sum might be appropriated for a suitable building for the school, and the rest of the money invested as a fund, the interest of which might be used to defray a portion of the current expenses The President of the School Committee now

writes to say that the amount of the Jubilee Fund has been handed over to the Committee If the Govt takes over the school, it will have a building worth Rs 5-00, a building fund of Rs 2000, and an Endowment Fund of Rs 3299 This school is the best example of self-help shown by the people in the matter of female education I submit that it may be taken over by Govt as the chief Girls' School for the district of Tumkur from the 1st Jan^{y} 1891, the date from which the Arya Balika Pathasala of Bangalore is to be taken over by Govt in accordance with Order No 112-17C dated 28th Sept^{r} 1890 The present managing Committee may be retained to exercise general supervision over the instruction & discipline of the school as hitherto The President of the Committee writes to me to say that the expenditure though limited to the lowest possible figure has greatly exceeded the receipts for some months past and that it has been resolved by the Committee to dismiss the highest classes and dispense.

with the services of two teachers, unless
Govt will kindly come to the help
of the Committee The expenditure
on Zenana Teachers of Rs 30 a month
proposed by the Committee may be
sanctioned along with the other items
of expenditure The Education Com-
mission distinctly recommend that
"grants for zenana teaching be
recognised as a proper charge on
public funds" The interest accruing
from the Endowment Fund may go
towards the contingent & miscel-
laneous expenses thus the monthly
charges at present may be put
down at Rs 130, of which Rs 30
will be spent on Zenana Teachers

The expenditure on the Empress'
Girls' School for which provision
has to be made from the 1st Jan'y
1891 to 31 March 1891 is as follows
Rs 130 — Rs 25 the present grant
= Rs 105 Rs 315 for three
months will have thus to be provided
for

I submit that the school may
be taken over by Govt with its build-
ing and its Endowment Fund
from the 1st Jan'y 1891, and a provision
of Rs 315 made from the Provin-
cial Funds to the 31st March 189
